

Delivery Range Wall Housing up to IP69K Standard Delivery Programme

Wall housings, extremely resilient, up to IP69K

- Material:** Stainless steel 1.4301, AISI 304*
Stainless steel 1.4404, AISI 316L, (V4A)*
Stainless steel 1.4571, AISI 316Ti, (V4A)*
- Material thickness:** See table
- Surface:** polished, grain size 240
- Protection class:** IP69K
- Hinges:** Stainless steel, 180°hinge
Door stop right*, door stop left*
- Seal:** Neoprene seal 6x20mm* or silicone seal 6x20mm*
- Wall attachment:** Optional: Attachment is performed via welded-on wall tabs with attachment bore (please indicate in your order)*
- Dimensions:** **See table. Other sizes available.**
*please indicate in your order

Designation	Size in (mm)		x	Width	x	Depth	Material-thickness (mm)	Material-thickness MP (mm)	Number Sash
	Height
